**Brief**

Chockstones, Craggs, and Edging Paint combines two works: No Manifesto - a painting created over a year using palette knives and tape to define an accumulation of paint - and collaged, transparent, dried paint elements. Taken together, the two works depict a hyper version of Baker's process and the materiality of paint in digital form. Baker likens the exaggerated paint surface to the suspended solidity of a wall of rock.

**Warranty**

3 years. See Terms and Conditions for more information.
