

001

Design

James Hoff

Application

Walls

Characteristics

Content: 65% Cellulose, 35% Latex
Finish: PFAS-Free Protective Topcoat
Backing: None
Reference Dimension: 10' H x 30' W (305cm x 914cm)
Traffic: Moderate Traffic
Country of Origin: USA
Note on Mold: Intended for use in buildings designed and maintained to avoid moisture on or within walls.
Application must conform to current Installation Guidelines included in each shipment or available at maharam.com.

Price

Installation is sized, priced and produced on a project-specific basis.

Maintenance

W-Clean with water-based cleanser.

Testing

Flammability: ASTM E84 Adhered
CAN ULC S102 Adhered

Lightfastness: AATCC 16.3, 40+ hours

Environmental

Greenguard Gold Certified
LBC Red List Free
Contains Bio-Based Content
FR Free
Free of Intentionally Added PFAS

Brief

Skywiper 137's colorfully striated composition was created by infecting a digital photograph of a monochrome painting with Skywiper, a computer virus used in cyber espionage. Hoff ran multiple iterations of the process, with each infection of the malicious code altering the image differently to build up the contrast, saturation, color, and digital textures that comprise the work's formal elements. This approach reimagines Skywiper as a digital paintbrush, creating an abstract work that subverts conventional techniques of painting and displaying art.

Warranty

3 years. See Terms and Conditions for more information.
